

# Sunrise, Call On Me

If sometimes life is hard for you  
If someone's apart from you  
Don't worry babe I'm on your side  
It's not a pity girl I'll come tonight  
If sometimes there's a way to go  
There's nobody to let your love grow  
Don't you worry babe I'm on your side  
It's not a pity girl I'll come tonight  
Call on me when you're alone  
darling  
If you need someone to love  
darling  
Love is a thing that you need  
So call on me  
Call on me when you're alone  
darling...  
And somehow there'll be better days  
so let me see a smile on your face  
Don't you worry babe I'm on your side  
It's not a pity girl I'll come tonight  
Call on me when you're alone darling...  
Baby take your chance  
If you need me here I am  
Run to me and have a try  
I can't stand to see you cry  
Call on me when you're alone darling...
