

# Sunshine Anderson, You Do You

Hope you know  
As far as I am concerned we're through  
I am tired of trying to keep up with you  
What made you think you that you could beat the odds?  
Running round here chasing all them broads  
And you can't even say it aint true  
The way you treatin me it aint cool  
Go ahead and be the playa you gonna be minus me

How about you do you  
And I'll do me  
I'm so ready to move along

How about you do you  
And I'll do me  
I'm so ready to move along

I was there six months ago when you lost your job  
And you aint even have no car  
You was coming in and out back and forth  
And it was me frontin' your child support  
Cause you didn't have a dollar to you name  
And you still don't have a dollar to your name  
And if I stick around it will be a shame, on me

How about you do you  
And I'll do me  
I'm so ready to move along

How about you do you  
And I'll do me  
I'm so ready to move along

(Repeat)
