

Sunspot, Scott Bakula

I used to watch Quantum Leap,
every night with my girlfriend.
Al and Sam, they leaped through time,
and I felt like they were my best friends.

Ziggy said theres a 98 percent
chance of a broken heart.

Scott Bakula never played Dracula,
laid down the smackula on the bad guys.
He was honest and sharing and loving and caring,
the kind of guy who would always do the right thing,
Clever and handsome and so damn sensitive,
and Im not Scott.

He was sweet enough to tame the fire,
in that self-empowered Murphy Brown chick.
I even bought Lord of Illusions,
even though I thought that move kinda sucked.

Ziggy said theres a 98 percent
chance that the endings sad.

Scott Bakula never smoked crackula,
he played quarterbackula in Necessary Roughness.

Scott Bakula never played Dracula,
laid down the smackula on the bad guys.
He was honest and sharing and loving and caring,
the kind of guy who would always do the right thing,
Clever and handsome and so damn sensitive,
and Im not Scott.

Hes nice enough to play a gay guy.
Hes cool enough to star in sci-fi.
Hes man enough to helm a starship,
and Im the type of guy who would feel up that Vulcan chick.

Ziggy said theres a 98 percent
chance that Im a prick.

No one can love you like Scott Bakula can love you.
Ill never be Scott Bakula,
He possesses all the traits that I sorely lackula,
Sometimes I just want to punch him in the sackula,
because Im not Scott.
