

Super Furry Animals, Bleed Forever

Cloud upon cloud cries poison rain
Slate, hair, roads glisten again
Theres no console
Its no game
We were going places
Its such a shame

Bleed forever
Seep from the stones
Bleed forever
Bleed to the bone
Bleed forever
Burn us away
When everything we have
Is taken away

The gurning gunrunner wakes from his sleep
With no remorse for those who kick by his feet
Skin care consultant calls the police
But from this dungeon
There is no release

Bleed forever
Seep from the stones
Bleed forever
Silence our tones
Bleed forever
Mould us like clay
For everything we had has wasted away

Fate decided
Rubbing your eyes
Men in tailcoats absorb the cries
Milk the scapegoat
Milk it dry
Put it down
And watch it die

Bleed forever
