

Super Furry Animals, Patience

I'm user friendly
You used me, friend
From here to nothing
I struggle to die

All I needed was patience
But I didn't have time
Taking stock in the box office late at night
For the millionth time

Find the trails of patience
Preparation is all
Mad, rash frustration
Never gave me the call

All I needed was patience
But I didn't have time
Taking stock in the box office late at night
For the millionth time

All I needed was out there
But I kept it all in
Disco nap in the daytime wide-awake
When I should have been in my bed

Oooh...

Preparation is all
