

Super Furry Animals, Sex, War & Robots

Twenty Twenty Vision 2 see
Said a little voice 2 me
I can see

Tell me what was it like
When U switched off the lights
Went to bed before midnight
Fail to find you at home that night

So finally
Its got to be
Down, down to me

Living 94
When me and you were at war
Iz born a baby that didnt cry
Programme Robots 2 make them lie

Twenty twenty vision to see
I can see

So finally
Its got to be
Down, down to me

If tears could kill
Id be a long time gone
