The wind is calling me

That voice I heard once before

I am a whirlwind

There's no one who can stop me!

WING Firing off sparkling particles
A fierce wind tearing apart the dark clouds!
WIND Flying my feelings over yonder
Hot wind! Swift wind! Cybuster

O my loved ones--
My feelings burn hot
There's no stopping me,
I'm flapping my wings towards tomorrow

WING The light, dashing keenly,
Shining brightly in the darkness!
WIND Dance, O far-off wings!
Hot wind! Swift wind! Cybuster

There's no forgetting
This pain deep in my heart
The past and the future both--
I will protect them in the present!

WING With my fighting spirit burning hot
Now, my heart is becoming one!
WIND It's time for the final battle
Hot wind! Swift wind! Cybuster
Hot wind! Swift wind! Cybuster
