

Superbus, Breath

Breathe
It's a little bit funny
You don't have a clue, boy
You got the money
Please
Don't be sorry
You found the suitcase in the street

Breathe
You should be happy
Please
Don't be sorry
Breathe
Now you're rich and nobody knows it

Refrain:
Get away, run away!
Or are you really dumb?
Get away, run away!
Or are you really dumb?
Don't be sorry, now it's done
You can run away
Don't be sorry, now it's done
You can run away
But what have you for free?

Breathe
Blow away your stupid thoughts
Don't feel so guilty now it's done
You're just lucky for the first time
Breathe
You should be happy
Please
Don't be sorry
Breathe
Now you're rich and nobody knows it
