

# Superbutt, Johnny Bravo

Look, how incredibly strong I am  
My shoulders hold a ton of weight  
Trouble lives next door, we meet every day  
It pushes me around, but I stand straight  
Look, how incredibly solid I am  
I'm a concrete block, I'm a truckload of steel  
Misery drives down my street every day  
But I block the road and I stop its wheel

I won't let you sink, come, swim in my lake  
You know that I'm fake - you can trust me  
Fake - come, swim in my lake  
Fake - don't be scared  
I'm fake - you can trust me!

Look, how incredibly resistant I am  
I protect and I serve and I stand the pain  
I die a hundred times every day  
But I get up and I fight again  
Look, how incredibly reliable I am  
You can count on my words, whatever they mean  
Turn me on, I'm here every day  
My voice will keep you safe and clean

I won't let you sink, come, swim in my lake  
You know that I'm fake - you can trust me  
Fake - come, swim in my lake  
Fake - don't be scared  
I'm fake - you can trust me!

Get up on my back and relax, you're going to fly  
I can make you do it, you just have to try  
You can make a difference, why always comply?  
Come after me and you'll learn how to lie

I won't let you sink, come, swim in my lake  
You can trust me, I'm fake! (4x)
