Superchic(k), So Bright (Stand Up)

You're bored, gotta wonder if there's more

Waiting for the dream life you thought you had in store.

Trying to feel something you can chase a life that's thrilla

Living on the edge drinking smoking dream killers.

Couldabeen shouldabeen woulda been...

what might your life have been

Today you're not a has-been, but at your life's end

will you have regrets then, have regrets then?

Are you ok with today if tomorrow is the end

Live today through the future's lens

Don't wanna wish you could rewind and play it again

Stand up write the soundtrack for your life

It doesn't happen to you, you happen to life

Stand up you know you're gonna have to fight

Don't wanna lose the will to find your light

Stand up, God gave you the gift of life

It doesn't happen to you, you happen to life

Stand up, do somthing with your light

You're a light on a hill, you're meant to shine so bright

So bright, So bright,

We're all scared, gotta wonder whats out there,

Shooting down the ones who did what we wish we dared

Everybody's scared to Karaoke in the open

Afraid we're not as special as what we might be hoping

so we're frozen haven't chosen

just going through the motions

Faith and belief, courage overrule emotions

Stand up and be counted for something when it's time

Decide where you stand, take your hands raise em high

Live today through the futures lens

Don't wanna wish you could reset and play it again

Stand up write the soundtrack for your life

It doesn't happen to you, you happen to life

Stand up you know you're gonna have to fight

Don't wanna lose the will to find your light

Stand up, you've been given the gift of life

It doesn't happen to you, you happen to life

Stand up, do somthing with your light

You're a light on a hill, you're meant to shine so bright

So bright, So bright,

I wanna shine so bright

I wanna shine so bright (so bright so bright)

I wanna shine so bright (so bright so bright)

Yeah
