

# Superchick, Karaoke Superstars

Spoken:

That's right, that's right

You hear that?

Aww yeah,

That's just the fresh sounds of Superchick going through your stereo:

Turn up the car radio

We can be karaoke superstars

Karaoke superstars

Red rover, red rover please let me come over

make me queen for a day an escort to roll over

Last to be chosen will I be here leftover well it's alright

baby it's alright baby it's

I feel alone

I feel unseen

I feel marked down

I just get my keys

CHORUS:

And we can turn up the car radio

We can be kareoke superstars

Doesn't matter what they think

When we're driving in my car

Red rover, red rover

I don't wanna come over

Cut me down to your size so you tower me over

only works if I care

And if I don't your reign's over

And it's alright, baby it's alright

baby it's

I am alone

I am unleashed

I define myself

I just get my keys

CHORUS

Red rover, red rover

If you want them come over

It's a no critic car

So there's no one to win over

Be your own superstar

When the voting is over and

We're alright baby we're alright

Baby we're alright, baby we're alright

Turn up the car radio

We can be karaoke superstars

Doesn't matter what they think

If we don't think about it

(times 4)

We can be superstars
