

Superdrag, Blown Away

gonna tell you from the start babe
sometimes I fall so hard I break
I wanna stay till it's dark babe
go back home some other day
I'm blown away. that's all I can say
you got me babe. lost it all the way
yeah you got me babe. if that's ok
hard to leave you on the steps girl
harder still to stay away
you're the one who's spinning my world
just believe me when I say
I'm blown away...
