

Superheist, 7 Years

does it distract you
does it obstruct you
does it control ya
add then subtract you
and I break this time
paralyse the light
by a face and a bitter taste
goes a long long long long way

in 7 hours for 7 years
will anyone know i don't care about
(yells) CIRCUMSTANCE
I don't care about
CIRCUMSTANCE
not that you don't agree

does it distract you
does it obstruct you
does it control ya
add then subtract you
it is your time
shine a light
by a face and a bitter taste
goes a long long long long way

in 7 hours for 7 years
will anyone know I don't care about
(yells) CIRCUMSTANCE
I don't care about
CIRCUMSTANCE
not that you don't agree

in 7 hours for 7 years
will anyone know I don't care about
(yells) CIRCUMSTANCE
I don't care about
CIRCUMSTANCE
not that you don't agree
not that you don't agree
not that you don't agree
