

Superheroes, Ghost

I've been having bad dreams all week long
And yesterday everything was going wrong
So come on now let's go together
We will make it but not forever

'Cause I believe I saw a ghost
I believe I saw a ghost
I believe I saw a ghost
I believe I saw a ghost

And now that you've been frightened just like me
It seems as if you're headed somewhere else
So come on now let's go together
We will make it but not forever

'Cause I believe I saw a ghost
I believe I saw a ghost
I believe I saw a ghost
I believe I saw a ghost

I believe I saw a ghost
I believe I saw a ghost
Believe I saw a ghost
Believe I saw a ghost

Come on we can work it out

I believe I saw a ghost (repeat till fade)
