

Superheroes, Julianna

I wonder where you want to go tonight
And I wonder where you want to sleep tonight
'Cause I care about you

My Julianna she lives here but it's way down town
And I would love to see her just for a moment or two
My Julianna she lives here, but it's way down town
And I would love to see her be beautiful just for me

I can't explain why I want to talk to you
But I've been thinking about it all most all day long
'Cause I care about you
