

# Superjoint Ritual, Ozena

She's crap  
She's scum  
Related to the gutter  
She never looks behind her  
For there sleeps ashen past

But it feels good  
Just like the way it should  
The cord burns on & on & on & on

Her mouth hangs wrong  
Cateract colored eyes  
She smells like gone  
From the give up

But it feels good  
Just like the way it should  
The cord burns on & on & on & on

Ozena  
Sex was meant to kill you

Lisp like a little kid  
Through split tomgue seizures  
Sucking air sounds prevelent  
It's a rebirth

But it feels good  
Just like the way it should  
The cord burns on & on & on & on

Ozena  
Sex was meant to kill you
