

# Superjoint Ritual, Symbol Of Nevermore

We'll never see, the light of Eyes, the twist of might, the  
Loss of sight, contracted Gate, reward of hate, forgotten  
Wisdom, the grinding flesh  
My god beats the fuck out of your god  
The father of plague, fallen from heaven  
For war, the ultimate war, the ultimate transgression  
Several times over, your safety compromised, the hated  
Race, the simple Emotion.
