

Superjoint Ritual, Waiting For The Turning Point

It's inside,I felt it then,I feel it now,I feel it now
the turning point,Waiting for it(like) a time bomb
I'm waiting for the turning point,to lead my life from endless rage
to rip out the page,expect the worst,yet get the best
I'll wait out the rest,the turning point

Waiting!!,endless in waiting
It will be just for me,Not her or Him or them with hands out
breaking free of the family,of the lawyers & the vampire half wits

Waiting for the turning point! (X2)
I'm waiting, I'm fucking waiting!

Laid out,Planned out
On my own it works out,Frightful
Desperate, (and it) unpredictably turns out
desperate frightful
Laid out ,Planned out
on my own it works out
Waiting for the turning point,To drive into me!
