

Supreme Beings Of Leisure, Give Up

You know it's time (x4)

Nothing's ever easy
It's always such a fight
Hands are locked and ready
A channel for your might
Another world collides
With your heart

You know it's time to give up boy (x2)
You're mine (x2)

I know that you feel love
I know that you feel lazy
You know there's nothing wrong
No, you're not crazy
Another heart collides
In my world.

There's nothing for you to do
Than give up and go with the groove
You know it's right
Just do me baby

You know it's time to give up boy (x2)
You're mine (x2)

You know it's time (x3)
Just give up
Just give in
Just don't fight
You can't win

Just give up
Just give in
Just don't fight
You won't win

You know it's time

There's nothing for you to do
Than give up and go with the groove
You know it's right
Just do me baby

You know it's time to give up boy (x4)
You're mine (x2)
You know it's time
