

Sure Conviction, Power Of One

(M. Liffengren/P. Liffengren/K. Heinzman/J. Rye)

Heart's of fire, pounding in my heart again
Blood of life, flowing through my veins
Souls been touched, I never realized just how much
That one life, could alter my own
I'm different, now I can see
How, I'm supposed to be
We can make a difference I know it
We can have a turn of heart
Put our differences behind us
And the love of God to guide He'll make us strong
Power of one
One man with a cause changed the system
Another one makes a change in his life
All it takes is courage and the will to make a stand
Power of one, to the very end
