Sureal, Always On My Mind

feel me i'm not dreaming

you are always, on my mind now is the time, always on my mind i will always, let you inside forever this time, always on my mind

you are always, on my mind now is the time, always on my mind i will always, let you inside forever this time, always on my mind

touch me, feel me, am i dreaming or is this reality see me, hear me, hear me calling this is your destiny

you are always, on my mind now is the time, always on my mind i will always, let you inside forever this time, always on my mind

hear me calling

you are always, on my mind now is the time, always on my mind i will always, let you inside forever this time, always on my mind
