

Susan Ashton, You're Lucky I Love You

Hey baby stop clickin' that pen
I'm gonna take it away if you do it again
Sometimes I think you just love gettin' on my nerves
And I believe opposites attract
Cause I wouldn't have you if it wasn't for that
You like the music I like the words

Don't you know how good you got it
Listen up and I'll tell you all about it hey

You're lucky I love you like I do
Everythin' for you I do cause I want to
I wouldn't feel this way if you were anyone else
Yeah and you know it's a good thing that I think
You're the only one for me and that you hung the moon
You're lucky I love you you're lucky I love you yeah

You got your ways and you got your quirks
But you got my heart and that's why it works
And I wouldn't change the way you are
And whenever we fuss and fight
Fore the end of the day we always make it right
We never let it go that far

Anything you want you know you got it
But every now and then you need remindin' hey

You're lucky I love you like I do...

Darlin' you know that I need you
But it's a safer bet to say that you need me too

You're lucky I love you like I do...
