

Susan Tedeschi, Rock Me Right

You say you haven't been rocked in a long, long time
And good hard rockin is so hard to find
Gonna make you sweat, gonna make you shout
Oh, your homemade loving done knocked me out.

Now I've looked long and hard for you
And you seem to know what I'm fixing to do
Oh you run a little hot but that's alright
Your fruit ain't rotten it's oh so ripe.

Now your mama sure done raised you right when
It comes to home cooking you eat every bite
Take your sweet time we've got all night
And I'm gonna show you how to Rock Me Right

Come on and Rock Me Right , Oh Rock Me Right
Rock Me Right , I'm gonna show you how to Rock Me Right

When your stomach starts growling I know what you need darlin
Oh Fix me up something salty and sweet,
Oh now homemade cookin always does the trick
Oh your cotton ain't rotten just needs to be picked

Now your mama sure done raised you right when
It comes to home cooking you eat every bite
Take your sweet time we've got all night
And I'm gonna show you how to Rock Me Right

Come on and Rock Me Right , Oh Rock Me Right
Rock Me Right , I'm gonna show you how to Rock Me Right
Come on and Rock Me Right , Oh Rock Me Right
Rock Me Right , I'm gonna show you how to Rock Me Right
