

# Suzy Bogguss, One More For The Road

Suzy Bogguss & Chet Atkins

Put those guitars in their cases  
Put those cases on the truck  
Drive that truck on to Memphis  
Tune those guitars back up.

What we really love is playin'  
Rollin' never slowin' down  
But tonight I feel like stayin'  
I kind of like this little town.

And I'm not ready to pack it up yet  
If you don't have to go  
Let's make this a night we'll never forget  
There's time for one more one more for the road.

--- Chet Atkins Instrumental ---

Tonight the lights feel like heaven  
Makes me want to give it all I got  
That's what I do for a livin'  
Am I lucky or what.

And I'm not ready to pack it up yet  
If you don't have to go  
Let's make this a night we'll never forget  
There's time for one more one more for the road.

What we really love is playin'  
Rollin' never slowin' down  
But tonight I feel like stayin'  
I kind of like this little town.

And I'm not ready to pack it up yet  
If you don't have to go  
I'd like to stay here and pick one with Chet  
There's time for one more, one more for the road.
