

Svala, Close To You

Baby baby I watch you while you sleep
Special moments, it's a treasure I will keep
I whisper sweetly, I've fallen so deep
Am I dreaming this feels like make believe
I need this love to be strong and I will give you my all
Oh baby wanna hold the night back always

When I'm close to you
All I need to do
Is to feel you touching me
That's the only world I need
When I think of you
Just like lovers do
Keep the stars and seven seas
They don't mean a thing to me
You're the only world I need

Baby baby here's all I gotta say
Words come easy when we're lying here this way
To say I love you is a simple thing to say
Pray you feel this in the cold cold light of day
I need this love to be strong and I will give you my all
Oh baby wanna hold the night back always

When I'm close to you
All I need to do
Is to feel you touching me
That's the only world I need
When I think of you
Just like lovers do
Keep the stars and seven seas
They don't mean a thing to me

Tonight I see it so clearly
In the moonlight I see love in its glory
Look inside my heart
It's for you only
And I pray that you're dreaming of me

You're the only world I need
You're the only world I need
You're the only world I need
You're the only world I need

When I'm close to you
All I need to do
Is to feel you touching me
That's the only world I need
When I think of you
Just like lovers do
Keep the stars and seven seas
They don't mean a thing to me

When I'm close to you
All I need to do
Is feel you touching me
Only world I need
When I think of you
Just like lovers do
Stars and seven seas
Don't mean a thing to me
