

Swan Lee, I Don't Mind

I don't mind
The way you touch me tonight
And I don't mind
The way you kiss me tonight
Things we do they won't hurt us tonight
I don't mind the way you push me

In your eyes a million diamonds
In your heart a miracle ' baby won't you save me
Won't you save me
When you hold me ' in your heartbeat

I don't mind
The way you eat me tonight
And I don't mind the way you shake me tonight
Things we do they won't hurt

In your eyes a million diamonds
In your heart a miracle ' baby won't you save me
Won't you save me
When you hold me ' in your heartbeat

And I don't mind
The way you want me tonight
Baby won't you save me
Won't you save me
When you hold me ' in your heartbeat

Save me
Won't you save me
When you hold me ' in your heartbeat, heartbeat
