

Sweet Sensation, If Wishes Came True

All alone silence fills my room
But in a memory, I hear you calling me
Close my eyes and I'm there with you
Like it was yesterday, but then it fades away
Take me back, turn back the hands of time
When you kissed me in the warm September rain (Warm September rain)
Back before my heart was filled with pain
If only we could be in love that way again

If wishes came true
Then all the dreams at night of love were real
I'd be holding you
If wishes came true
Then I would be that someone always special in your heart
And we would still be lovers, not apart
If wishes came true

Now you're gone and I'm on my own
Feeling lost inside since you said good-bye
In my dreams I still feel your touch
Lying next to me, feeling ecstasy
Take me back, turn back the hands of time
When you kissed me in the warm September rain (Warm September rain)
Back before my heart was filled with pain
If only we could be in love that way again

If wishes came true
Then all the dreams at night of love were real
I'd be holding you
If wishes came true
Then I would be that someone always special in your heart
And we would still be lovers, not apart
If wishes came true

I love you madly
I need you badly
Give our love one more chance

For we who grew up tall and proud
In the shadow proud of the Mushroom Cloud
Convinced our voices can't be heard
We just want to thunder let it scream louder and louder
Take me back, turn back the hands of time
When you kissed me in the warm September rain
Back before my heart was filled with pain
If only we could be in love that way again

If wishes came true
Then all the dreams at night of love were real
I'd be holding you
If wishes came true
Then I would be that someone always special in your heart
And we would still be lovers, not apart
If wishes came true
