

# Sweetbox, Cinderella

Here I am  
Trying to find my way  
I've kissed so many frogs but I've never found a prince  
I think they lied  
I was promised much more than this  
Where's my happy-ever-after?

Cinderella is the queen of a kingdom  
Cinderella got the dream she was dreamin'  
I wanna know where is my happy end  
Cinderella got a prince and kingdom  
Cinderella got the dream she was dreamin'  
I wanna know where is my fairy-tale?

Something's wrong  
'Cause all my glass shoes break  
And no one's ever helped this damsel in distress  
To hell with this  
I'm not gonna waste more time  
I won't wait to find prince charming

Cinderella are you really that happy?  
Cinderella are you really that lucky?  
I wanna know is your life like you dreamed?  
Cinderella are you really that happy?  
Cinderella are you really that lucky?  
I wanna know is your life like you dreamed?
