

Sweetbox, More Than Love

Verse 1:

I know your dreams
I know your cries
Each breath I've memorized
And I would do anything
To help you win your fight
But it's not enough to make you smile
It's never enough
But what more can I give?

Chorus:

More than love
More than this
More than what's in these two hands
More than love
More than me
But I can't give more than I am...
More than I am...

Verse 2:

I see the searching in your eyes
And I feel helpless by your side
So many spaces I can't fill, but God knows how hard I try
You say you need more and I die inside
You always need more
But what more can I give?

Chorus:

More than love
More than this
More than what's in these two hands
More than love
More than me
Cause I can't give more than I am
No matter what I do it's never good enough for you

Verse 3:

I'm trying to be
Everything that you need
And I'm barely breathing
And you're still not happy
After all that I've done
All I've become is never good enough for you
For what's more than love
More than love?

Oooh...
More than love...
More than this...
More than what's in these two hands

Verse 4:

Tell me what's more than love
Tell me what's more than love (more than this)
What is it that you need (oh...)
That I can never be
Tell me what's more than love (more than love)
Tell me what's more than love (more than me)

What is it that you need (oh...)
That I can never be (and what's more than love)
That I can never be (oh yeah...)
That I can never be
