

Sweetbox, Somewhere

(Intro)

Do you know?

Do you know why your heart stands still?

(Verse 1)

Do you know what you're looking for?

Why your tears dry clear?

Do you know why you're breaking hearts?

Why you're ending up back at the start?

Do you know why you're waking up?

The more that we know the less we know

(Chorus)

Somewhere, beyond this

Somewhere, I know

There's something better

Oh, I know

I know, I know, I know, I know

(Verse 2)

Do you know what you're fighting for?

Why your dreams still bum?

Do you know why you wake at night?

Why you close your eyes when you should fight?

Do you know what you really love?

The more that we know the less we know

(Repeat Chorus, Repeat Intro)

(Verse 3)

Do you know what you're waiting for?

Why your heart stands still?

Do you know what your limits are?

Are you reaching out with open arms?

Do you know all your inner truths?

The more that we know the less we know

(Repeat Chorus Twice)

There's something better

Uh huh
