

# Sweethearts Of The Rodeo, Until I Stop Dancing

Guess I done it this time way in over my head  
Got my mind all tangled up like midnight sheets on a lonely woman's bed  
Some say I'm right some say I'm wrong  
Some say I'll cry a lot there ain't no easy way out out there on your own  
Till I've lost the desire to wish on a star till my wildest dreams let go of my heart  
Forgive and believe I've got to be free until I stop dancing to the music in me  
[ piano ]  
I was careless with love so I'll take the blame  
Once you let love fall apart the pieces will never fit back together the same  
Till I've lost the desire...  
Till I stop dancing to the music in me
