

Swift, You Burn

Lord, You Burn
Eternal flame
Consuming fire
Blessed name
Set our souls, and hearts ablaze
May we live to sing your praise

Chorus:
You burn, life fire
You burn, like fire

Oh how I need
The Savior's love
That saved the world
With perfect blood
Let it consumer, every desire
Refine my heart with Holy Fire

Chorus:
You burn, like fire
You burn, like fire
Like a fire

As our hearts go up in flames
Let this fire spread your name

Chorus:
You burn, like fire
You burn, like fire
Like a fire
Like a fire
Like a fire
