

Switchfoot, We Are One Tonight

Check!

Tonight

Tonight

I'll rise
I'll fall
I'll fail you all

We built these cities to stand so tall
We've lost our walls

I don't want to lose you coming down
With the whole world upside-down
I don't have a soul to trust in now
With the whole world upside-down

We are one, tonight
And we're singing it out
We are one, tonight
And we're dreaming out loud

And the world is flawed
But these scars will heal

We are one, tonight!
Tonight!
Tonight!

Two eyes
One tongue
I've come
Undone

I'm no victim
I paid these dues
I came to lose

I don't want to fight about it now
With the whole world upside-down
I don't have a soul to trust in, now
With the whole world upside-down

We are one, tonight
And we're singing it out
We are one, tonight
And we're dreaming out loud

And the world is flawed
But these scars will heal

We are one, tonight
Tonight
Tonight
Tonight
Tonight
Tonight

I don't want to lose a common ground
With the whole world upside-down
I don't want to fight about it now
And the world was burning out

Let's slow the evening down
Slow it down
Slow down
Please slow down
Down
Down

The stars are coming out

We are one
We are one
We are one
We are one tonight
We are one tonight
And were singing it out (tonight)
We are one tonight
And were dreaming out loud (tonight, we are one)
And the world is flawed (we are one)
But these scars will heal (tonight, tonight)
(Still fighting it out)
(We're still fighting it out)
(Still fighting it out)
