

# Sworn Enemy, Sworn Enemy

Take my hand  
I'll lead you to the promise land  
a tale we've heard so many times before  
you pray for pain  
my design is not built that way  
follow the leader and see what you get suffering

Sworn, sworn enemy  
of the human race  
god save me  
from this retchid place  
my last breath i would give for you  
and i see your face and in the end my memory  
would be the thoughts of a better day

Time is pain  
whats your gain  
when nothings left  
a little something is more then nothing in my eyes  
give me a glimmer of hope  
and i'll show you what its worth  
can you see the light  
flash at the end of the tunnel  
(back to chorus)

thoughts of a better day

the screams, the horror,  
the tragedy of 9/11

Save me, help me  
save me, help me  
save me, help me  
Save me  
The sight of you i despise  
I'll help you meet your maker and i wont think twice
