

SWV, Fine Time

(1st verse:)

smiling..
you were always smiling
How could I have know that you were
Hiding..
your feelings from me
I wonder How could it be

your note's clear
it says you don't love me
My worst fear
is now reality

You picked a fine time
2 tell me you don't love me
You picked a fine time
2 tell me you don't care
and what I thought was love
was really just pretending
and your love for me
was never really there (never really there)

(sec.verse:)
trying..
I am always trying
to understand the reason why I'm
crying..
day and night I am crying
I can't believe I was so blind

it's so clear
that you don't love me
My worst fear
is now reality and...

You picked a fine time
2 tell me you don't love me
You picked a fine time
2 tell me you don't care
and what I thought was love
was really just pretending
and your love for me
was never really there

(bridge:)

how many nights did I sleep alone
waiting by the phone
I couldn't see what was going on
told myself our love's still strong
After our trust came tumbling down
another love you have found
there's nothing left no more 2 hide
and there is no easy way 2 say goodbye

You picked a fine time
2 tell me you don't love me
You picked a fine time
2 tell me you don't care
and what I tought was love
was really just pretending
and your love for me
was never really there

(repeat)
