SWV, When This Feeling

It starts with a thought of love and displace I hold it with hope and inside me it stays Then speak your reply, but smile cause I know Sometimes love shows in the phoniest ways

When this feeling comes over me Will you be there To receive and let this love breathe When this feeling comes over me Will you be there To receive and let this love breathe

Curiosity, has it's part Is it just my body Or does it include my heart We can't make moves until I'm sure I've tried, but it just makes me want you more

When this feeling comes over me Will you be there To receive and let this love breathe When this feeling comes over me Will you be there To receive and let this love breathe

Please don't
Please don't, don't go
Feeling takes me over
Love like a spell
That you've got me under
And I know as time goes - oooh
We'll grow closer
I thought I could tell
But still I wonder
