

# Sylver, God's Mistake

You took me here  
a world of fear  
i can feel myself  
fading away  
i won't waste another day  
you took me here  
the end is near  
all is said and done  
my conscience is clear  
i won't miss you when i'm gone  
goodbye to you  
goodbye to everything you do  
needless to say  
you're just one of god's mistakes  
you're not so strong  
the same old song  
it's sad to see you dance  
around the truth  
i'm not the little girl you know  
you're not so strong  
i'll carry on  
love can make a fool  
of anyone  
i won't miss you when i'm gone
