# Sylver, Hold Me In Your Arms

I dont wanna say I'm sorry
'Cause I know there's nothing wrong
Don't be afraid, there's no need to worry
'Cause my feelings for you are still strong
Hold me in your arms and never let me go
Hold me in your arms 'cause I need you so
I can see it in your eyes there is somethin'
Somethin' you wanna tell me
I see it in your eyes there is somethin'
That you have for me
Is there a reason why there is somethin'
Somethin' you wanna tell me
I see it in your eyes there is somethin'
That you have for me
I dont wanna say I'm sorry
'Cause I know there's nothing wrong
Don't be afraid there's no need to worry
'Cause my feelings for you are still strong
Hold me in your arms...
Hold me in your arms
And never let me go
Hold me in your arms
'Cause I need you so
I can see it in your eyes there is somethin'
Somethin' you wanna tell me
I see it in your eyes there is something
That you have for me
Is there a reason why there is somethin'
Somethin' you wanna tell me
I see it in your eyes there is somethin'
That you have for me
