

Sylver, Too much love

it's 5 am the night has set me free
there's a cold and empty space
where you used to be
tonight i thought that i was doing well
but when the curtain falls i meet myself again
too much love i had to give you
too much love for you to take
in the arms of temptation
you gade away
too much love i had to give you
too much love for you to take
there's nothing you can do
to make me stay
i wonder why, you were afraid to love
i picked the moon for you
but it wasn't good enough
tell me why you crushed me with your lies
is life so much better on the other side?
and i tell myself i hate you now
and i promise not to cry
but when the night is closing in
i miss you by my side
too many things on my chest
my soul is tired ,let me rest
