

# Symphorce, Falling Through Again

I kin a room you painted blue  
At a loss for what to do  
.. whisper your tears  
What would you intend to find?  
Solitude? your peace of mind?  
To echo your fears

Giving more than anything  
That you could hope to win  
You want the most  
Giving up the ghost

I don't need to know reasons why  
Safe and free, it's not about me  
I learned to lay the blame on the  
Strangers we became  
I never meant a word i said!!

Into my world of sin  
Falling through anything again  
Voices inside my head  
My destiny begins

Even closer than this life  
Until you open up your eyes  
I tried to show you how

Slowly moving across the dead  
To the voices in your head  
Well i'm listening to you now

And the morning light was breaking  
You get up without my waking  
Would make you want to cry  
I've never been to a place i like  
I won't ever be the same again  
The hate i have has cut me open wide  
Something you said has made me realise  
Don't be afraid to look into my eyes
