

# Symphorce, Until The Last

The Abomination with all it's pestilent dreams  
will swallow in the darkness and relish your screams  
I lift my head up high and stare to the stars.

To a place that will heal the scars  
Beware my friends as you pass by  
as you are now so once was I  
as I am now so you must be  
( prepare to follow me )

The silence is broken, by nightmarish dreams.  
And you have been chosen, to conquer the weak. Hypnotized you will, you  
will  
obey.

Hypnotized by what they say  
Concede your mind  
sight as it blinds  
conformed design  
It turns to light  
no place to hide  
In for the endless might  
Someone to hear your prayers,  
someone who cares  
your destination ends ahead  
I'll make you a believer  
you know I'm a forgiver  
Until the last  
Until the last goodbye  
Until the last  
you could carry on with this lie  
Until the last  
Until the last will die  
Until the last  
No matter how hard I try
