

# Symposium, Farewell To Twilight

Cast you mind back a few years  
Do you remember how it was?  
How we used to be  
Young and carefree?

You said I was silly for holding your hand  
You made a joke about my stupid hair  
I'm still laughing  
I'm still laughing

Yesterday was such a drab day  
But I don't think it will ever come back again

Goodbye to moonlight  
Farewell to twilight  
Coz everything is over now  
No lipstick, no makeup  
No kissing, no breakup  
Coz everything is over now

It's over now

Does this mean you are so grown up?  
You seem to know what's best for both you and me  
I don't care now  
I'll just have a (bleurgh?)  
How we used to be  
Young and carefree

Yesterday was such a drab day  
But I don't think it will ever come back again

Goodbye to moonlight  
Farewell to twilight  
Coz everything is over now  
No lipstick, no makeup  
No kissing, no breakup  
Coz everything is over now

It's over now  
It's over now  
It's over now

Yesterday was such a drab day  
But I don't think it will ever come back again

Goodbye to moonlight  
Farewell to twilight  
Coz everything is over now  
No lipstick, no makeup  
No kissing, no breakup  
Coz everything is over now

Goodbye to moonlight  
Farewell to twilight  
Coz everything is over now  
No lipstick, no makeup  
No kissing, no breakup  
Coz everything is over now
