

# System Of A Down, American Dream Denial (A.D.D)

we fought your wars with all our hearts  
you sent us back in body parts  
you took our wills with the truth you stole  
we offer prayers for your long lost soul  
your remainder is an unjustifiable egotistical power struggle  
at the expense of the american dream  
of the american dream  
of the american..

we dont give a damn about your world  
with all your global profits and all your jewelwed pearls  
we dont give a damn about your world  
right now, right now

we dont give a fuck about your world  
with all your global profits and all all your jewelwed pearls  
we dont give a fuck about your world  
right now, right now!

right now, right now!  
there is no flag that is large enough  
to hide the shame of a man in cuffs  
you switched your signs then you closed the blinds  
you changed the channels and you changed our minds  
your remainder is an unjustifiable egotistical power struggle  
at the expense of the american dream  
of the american dream  
of the american..

we dont give a damn about your world  
with all your global profits and all your jewelwed pearls  
we dont give a damn about your world  
right now, right now

we dont give a fuck about your world  
with all your global profits and all your jewelwed pearls  
we dont give a fuck about your world  
right now, right now

right now, right now  
right now, right now  
right now, right now  
right now, right now  
we're flattened large enough  
shame on the men in cuffs  
close the blinds

your remainder is an unjustifiable egotistical power struggle  
at the expense of the american dream  
of the american dream  
of the american..

we dont give a damn about your world  
with all your global profits and all your jewelwed pearls  
we dont give a damn about your world  
right now, right now

we dont give a fuck about your world  
with all your global profits and all your jewelwed pearls  
we dont give a fuck about your world  
right now, right now

right now, right now  
right now, right now  
right now, right n-N-n-Now!
