

System Of A Down, Virginitiy (Virgin Tea)

I don't know why she called
But it was her strange way
Of telling me about her
Fuck!
She told me she was the one
And than everything was done
And then I looked around
What did I see?
She told me she was the one
And that everything was done
And then I looked around and
What did I see?
When I fucked her,
right beneath the tree
And I can't believe that I took her virginitiy
Virginitiy (2x)
And then I just woke up
What a strange nightmare
My eyes could'nt focus
Who was it there?
Whas it a friend or a foe?
I didn't really know
But as I turned around
What did I see?
When I fucked her,
right beneath the tree
And I can't believe that I took her virginitiy
Virginitiy (2x)
Virgin tea (4x)
Wont you buy some virgin tea? (4x)
When I fucked her,
right beneath the tree
And I can't believe that I took her virginitiy
Virginitiy (2x)
And then I just woke up
What a strange nightmare
My eyes couldn't focus
Who was it there?
