

System Of A Down, Waiting For You (Census)

The unsettled mind as it climbs in the light
Leaving the senses to fend for themselves
The senses collect from the valuable data
Of beta carotene and thetawaves
The unsettled mind as it climbs in the light
Leaving the senses to fend for themselves, then
the senses wander the sky

Chorus

Is there life in waiting for you

Is there life in waiting for you

Waiting for you

The national debt as it climbs in the light
Leaving the people to fend for themselves
The people collect undeniable data
of eyeballs weapons and microwaves
The national debt as it climbs in the light
Leaving the people to fend for themselves, then
The people found out the lie

(CHORUS)

Waiting to get you high

Waiting to touch the sky

(CHORUS)
