

System Of A Down, Want me to try

I need not fear the love
You love to love the fear
I never want to be alone
I've forgotten too
The road keeps moving the clouds
The clouds become unreal
I guess i'll always be at home
Do you want me to try?
Directing your night
An exit lights the sky
The sky becomes complete
Travelling hearts divine the throne
I've forgotten too
Friction, lines, clumps
The highway song complete
The signs are all turning right
Do you want me to try?
Directing your night
Want me to try
Directing your life
The purest forms of life
Our days are never coming back
The cannons of our time
Our days are never coming back
