

System Syn, Indifference

if I touched you as you were falling from the sky
it was an accident
I only wanted a front-row seat to watch you hit the earth
and the reality of it all is
I am not the only one like this
and if you turn your back on me
you will still face me
and neither of us will care
if you smile or if you run away

this is the time when I don't care
just let it go
don't ask questions
life will happen regardless
and if I touched you as you were falling from the sky
it was an accident
I only wanted a front row seat to watch you hit the earth

I hope it hurts when you are falling
crushes you that I'm not calling
never coming back
all alone
indifference
I want to give it back to you
I hope it hurts when you are falling
crushes you that I'm not calling
all alone
indifference
I want to give it back
I want to give it back to you
