

# System Syn, Just Once

do I fight for your affection  
just so I can know I have it  
or do I really want to be your everything  
and what do you think I want from you  
did you mistake me for the human animal  
I am only looking for a kiss  
just enough to know that you know how I feel  
for you  
for everyone  
I will be your everything  
I will fight for your affection  
just to know I have it  
just to be your everything  
so just once  
give me one kiss
