

Systematic, Thick Skin

Thick skin I'll break it to ya
Bleed none and wallow in your...
The bed they made for you!
Pushed further to resistance
It's hell when you still run to...
The bed they made for you!
Fight yourself
Down till you're well.
Thick skin I'm mangled uptight
Unwind and never survive...
The bed they made for you!
Evolved into your monster
Thick head - Thick skin...
The bed they made for you!
Fight yourself
Down till you're well.
The bed they made for you!
You've become the lie
It eats you up inside
It's said and done
Game over.
Fight yourself
Down till you're well.
