

T-Pain, Sweet

["Verse 1"]

Yeah

Weve been in this situation

Like once or twice

Before now

And I liked it cause you liked it

Yeah

Sweet anticipation

So very nice

But how?

Do we fight it?

No fighting

What we feel is so,

Natural

We pretty much,

Have to go,

With the flow (The flow)

Of your body

Shawty

We can do whatever you,

Want to do tonight

And somehow I know what it is

And Im so excited

["Chorus 1"]

Cause if I do it,

To you

Then you got to do it,

To me

And if we do what I think we gonna do

Shawty thatd be fucking sweet

Uh

And baby you know it

You know you know it

I know you know it

Ooh

["Verse 2"]

Yeah

Let me do your dissertation

I know everything,

There is to know

And Id be delighted,

To write it

Yeah

Bottom line: youre just the greatest

Have you ever heard,

Of a love TKO?

Well girl youre Mike Tyson,

And I like it

And I must be psychic

Cause I knew what you were gonna do right before you did it

Right when I got in it, I was free

Yeah

But Ima be quiet

You know I love making love to you its like a new dimension

When you get to kissing on me

["Chorus 2"]

Cause you know if I do it to you

You know you got to do it,

To me

And if we do what I think we gonna do

Baby thatd be fucking sweet

Ooh
And I know you know it
You know it
I know you know it
Whew
Yeah
